Introduction

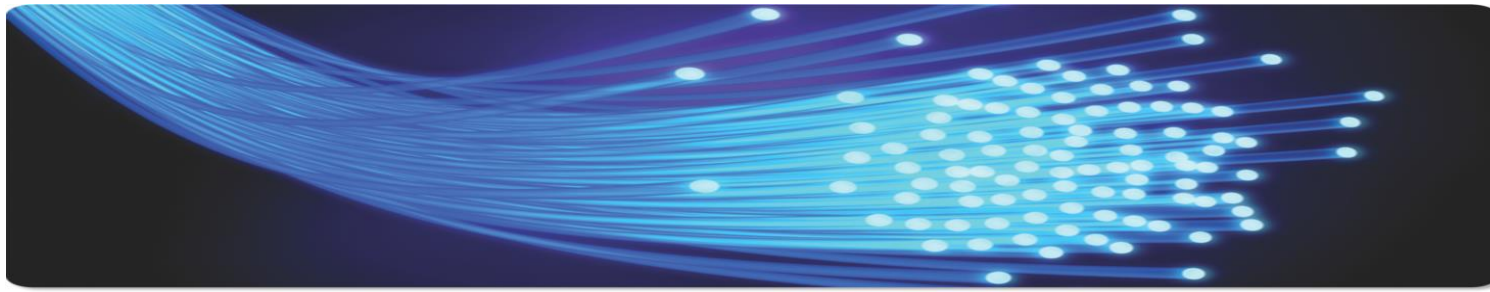

Electronic Manufacturing Management Solutions (*EMMS*) Sdn Bhd previously known as EMMS Enterprise has been established since 2004.

Due to business expansion , we have upgraded our facility to the new office and change from sole proprietor to private limited.

EMMS Sdn Bhd is an IT company where we provide an IT solutions and consultation for manufacturing needs and also non-manufacturing companies dealing with applications developments.

EMMS endeavors to streamline manufacturing operations by supplying and implementing high quality manufacturing applications as EMMS MVPS (Multi Vendors Machine Programming System) is a fully integrated CIM (*Computer Integrated Manufacturing*) system design for the electronics printed circuit board(*PCB*) manufacturing industries. Where one platform for all SMT and Auto Insert Machines.

We also provide spare parts for Surface Mount Technology and Thru Hole(Auto Insert) machines as per customers request.
